

REMARKS

The Examiner's comments together with the cited references have been carefully studied. Favorable reconsideration in view of the foregoing amendments and following remarks is respectfully requested.

Claim 14 and 16 have been deemed generic along with claim 1. Claim 14-16 and 20 have been allowed. Non-elected withdrawn claims 17-19 depend on allowed generic claim 16 and should also be allowed.

Claims 3-9 were objected to for depending on a rejected base claim. Accordingly, claim 1 has been amended to include the subject matter of claim 3 which has been cancelled. Claim 1 as amended is believed to be patentable. Claims 2, 4-5 and 10-11 depend on claim 1 and are believed to be patentable. Non-elected withdrawn claims 12-13 depend on claim 1 and should also be allowed.

Claim 6 has been amended by incorporating the subject matter of original claim 1. Claim 6 is believed to be patentable. Claims 7-9 depend on claim 6 and are believed to be patentable.

It is believed that the all of the claims in the application are allowable over the prior art and that the application is in condition for immediate allowance.

Respectfully submitted,

John L. James
